Work

2014 – 2017: **Etsy**

Software Engineer

Full stack product engineer for Etsy Manufacturing, a matchmaking service intended to connect makers with manufacturers who have the tools and knowledge to help them scale up their businesses in a sustainable and transparent way.

2011 – 2016: **Guitar from the Ground Up**

Owner, teacher

In home music instruction for all levels and all ages. I ran this as a small business, taking on all aspects of same. Branding, promotion, fulfillment, accounting, and early experiments with web design.

2009 – 2011: **New York University**

Adjunct Faculty

Private music lessons and group classes. Lesson plans, mentorship, and instruction in a wide variety of styles.

2006 – 2008: **Altia Central**

Assistant Language Teacher

English teacher in Hiroshima, Japan in both middle and elementary schools. Foundational experience in learning to communicate across wide gaps.

School

Winter, 2014: **Recurse Center**

Independent, project based learning.

I wrote in detail about what I did there at <https://blog.jfo.click/what-i-did-at-rc/>

2009-2011: **New York University**

M.M. Jazz Guitar Performance

My trio record is available at <http://music.jfo.click>

2001-2005: **University of North Carolina at Chapel Hill**

B.A. Music and English
